

## Oasis Mall - Sharjah

### Dubai, United Arab Emirates

#### Project Overview and Details

Oasis Mall belongs to one of the renowned business groups of The Middle East, The Landmark Group. It will be the company's first mall in Dubai and its 10th in the region.

The three-floor mall features more than 45 retail stores as well as restaurants, a food court and a ten-screen cinema spread across a total area of over 650,000 sqft.

The MEP contractor: Ginco.

The consultant: Design Center.

#### Solution

Frese has supplied Frese PV Compact differential pressure control valves to take control of the flow consumed by the tenants. This is one of the many solutions Frese has to offer for shell & core design needs.

Frese has also supplied its pressure independent control valves, Frese OPTIMA Compact, for all the retail areas of the Oasis Mall.
